ABOUT THE BUSINESS IN SOCIETY CONFERENCE 2018

Delegates at South Africa's leading responsible business gathering can look forward to an inspirational speaker line-up addressing on-trend themes ranging from supporting social justice and stakeholder interaction, to harnessing innovative yet disruptive technologies for inclusive growth.

"Business has a decisive role to play in growing an inclusive economy that reflects the values of our constitution," says Trialogue MD Nick Rockey.

"In the context of a new president, a bold national budget and renewed commitment to addressing corruption, this conference – our eleventh – offers the ideal opportunity to meet key thought leaders and ensure delegates are up to date with the current opportunities and expectations for business in society."

The conference attracts about 450 corporate, non-profit, government, media and academic leaders annually.

The conference is presented in partnership with Nedbank, Vodacom Foundation, Sasol, MTN Foundation, Transnet, Eskom Development Foundation, Old Mutual, P&G, VW South Africa and MMI Foundation.
